

External Quality Assessment Program for Faecal Elastase

Labquality is announcing a new EQA scheme for Faecal Elastase. The scheme will be suitable for different methods. The pilot study will include two samples that should be analysed as regular patient samples upon rehydration. The participants submit their results through the electronic platform LabScala and results are processed by the EQA Coordinator. Result evaluations including comments by the Scheme Expert will be published in the final report distributed to the participants.

Round 1, 2022 will be a pilot study free of charge for a limited number of participants. The pilot round will open in June. At least two rounds will be included in the program of 2023.

2754 Faecal Elastase

- Samples:** 2 lyophilized faecal samples
Distribution: 1, 2022 June – pilot study free of charge
Participation: Limited number of samples available
Registration: Please register by **May 15th, 2022** via **this link**.
